

Break Free Alliance's 2012 Winter Webinar Series –
Addressing Tobacco Use In Homeless Populations

Making the Case: Tobacco-Free Policies and Cessation Programming for Homeless Populations
Wednesday, February 15, 11:00am-12:30pm PDT

By the end of this webinar, participants will be able to:

- (1) Describe the various characteristics and needs among homeless populations that service providers must acknowledge when implementing tobacco-free policies and cessation programming;
- (2) Identify multiple benefits of implementing tobacco-free policies and cessation programming into homeless service provider settings; and
- (3) Identify key local, state and national organizations to partner with to address tobacco use among homeless populations.

Systems Change: Integrating Tobacco-Free Policies and Cessation Services into Homeless Service Provider Settings

Wednesday, February 22, 11:00am-12:30pm PDT

By the end of this webinar, participants will be able to:

- (1) Identify the components of a strong, comprehensive clean indoor and outdoor air policy for homeless service provider settings;
- (2) Identify key strategies for integrating tobacco-free policies and cessation programming into existing homeless service providing systems; and
- (3) List several strategies to address challenges and barriers associated with implementing tobacco-free policies and cessation programming in homeless service provider settings;

Innovative Partnerships: Developing Comprehensive Tobacco Control Programs for Homeless and Formerly Homeless Populations

Wednesday, February 29, 11:00am-12:30pm PDT

By the end of this webinar, participants will be able to:

- (1) Describe the benefits of partnering with transitional housing and/or public housing authorities to reach homeless and formerly homeless persons with tobacco control programming;
- (2) Describe the benefits of partnering with substance abuse and/or mental health centers to reach homeless and formerly homeless persons with tobacco control programming; and
- (3) Identify new partnership opportunities between homeless service providers, housing authorities, substance abuse facilities, mental health centers and/or community based organizations in order to integrate tobacco cessation programming and policies into existing service delivery systems.
