

Janet:

WOW!!!!!!

I wanted to thank you and your staff for a **tremendous** international conference this past week in Detroit, Michigan! Being the "new kid on the block", I was overwhelmed by the professional level of the conference - from the registration materials, to the poster sessions, the opening and subsequent key note sessions, the cadre of speakers, presentations, workshops, and materials provided. And let's not overlook the value of forming new professional relationships and networking opportunities!

If you or your staff were wondering what level of impact you and NNTPP were having on constituents across the United States and Canada, you need not wonder or look further. The enthusiasm, energy, and commitment of those attending can not be overlooked!

I, (and we, The Salvation Army) continue to benefit from our involvement with the National Network on Tobacco Prevention and Poverty.

During this time of "limbo", please do not hesitate to contact me if there is anyway that I might contribute to NNTPP.

Again, congratulations to you and your staff!
