Pruebas de COVID-19 /COVID-19 Testing
Condado de Modoc /Modoc County

Siempre revise la página web de su condado para la más reciente información / Always check your county's website for the most updated information.

Modoc County Public Health Department

http://modochealthservices.org/corona-virus

El Centro Médico Modoc y el Hospital Surprise Valley tienen suficientes materiales COVID-19 para las necesidades actuales y proyectadas. Sin embargo, las solicitudes innecesarias afectan a los proveedores de atención médica y su capacidad para atender a pacientes de alto riesgo. Todas las instalaciones médicas están evaluando pacientes antes de la prueba. Si tiene síntomas, llame a su médico de atención primaria. Lo evaluarán y determinarán si es necesario realizar pruebas basado en los síntomas, los viajes y las exposiciones.

Modoc Medical Center and Surprise Valley Hospital have enough COVID-19 materials for current and projected needs. However, unnecessary requests impact healthcare providers and their ability to care for patients at high risk. All medical facilities are screening patients before testing. If you are experiencing symptoms, please call your primary care physician. They will evaluate you and determine if testing is needed based on symptoms, travel and exposures.
