

An easier way to manage your rides is here: **MTM Link!**

This new tool lets you book new rides, review existing rides, make changes to rides, and cancel rides from your computer or mobile device. Here's a sneak peek at MTM Link, which gives you more control over your rides.

Self Service Options

In addition to our mobile-friendly portal and app, MTM Link offers other convenient self-service options, too! Manage your trips quickly on your own time with these options:

- Automated voice prompts when you call our toll-free scheduling line, which allow you to book rides over the phone without waiting to speak with a Representative
- Web chat available at **www.memberportal.net**, where you can chat with a Representative online instead of over the phone
- Reminder calls and text messages that confirm your ride details the day before your trip, and allow you to confirm or cancel your ride using automated prompts

Book your next ride online:
mtm.mtmlink.net

Manage Your Rides Online!

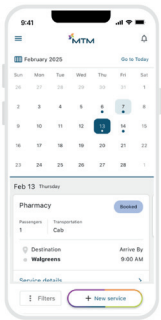

Schedule, review, and cancel your rides from your computer or mobile device

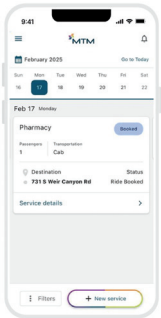

Sign In

Looking for a convenient way to manage your rides without calling MTM Health? We're excited to introduce MTM Link! MTM Link allows you to request a ride, check on the status of a scheduled ride, or cancel a ride you no longer need, all from your computer or mobile device. All you have to do is log in.

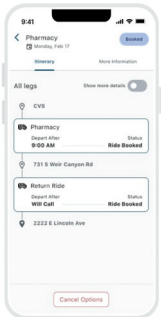

Calendar Month

Once you log in, you can see your calendar. Select a date on the calendar to review your rides for that day.

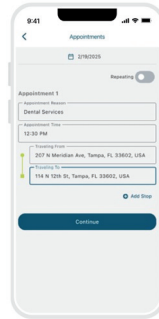

Ride Review

Now you can review the details for this day's rides. You can see your ride status, pick-up time and address, drop-off address, and transportation provider information for each ride you have scheduled.

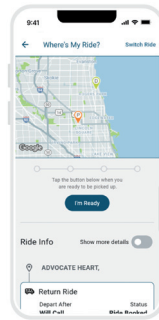

Ride Cancellation

Need to cancel a ride? Simply click the "Cancel" button. You will receive a message that asks if you are sure you want to cancel your ride.

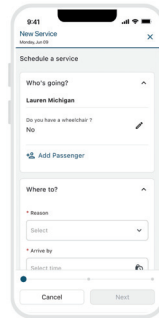

Request a Ride

It's also simple to request a new ride! Just click on "Request A Ride." Select the date you need a ride, and enter in your ride details. Tell us where and when to pick you up, and where you need to be dropped off.

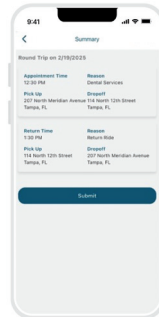

Return Ride

You can book your return ride during your trip request, or if you don't know your return ride time, you can tell us when you're ready. When you're ready for pick up, just click I'm Ready. Your driver should arrive within one hour. You can track your driver's location.

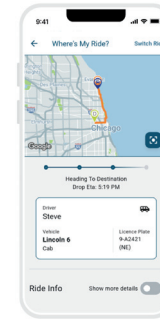

Special Requests

Do you have any special requests? We're happy to accommodate your additional passenger, like a caregiver. We can also make sure you receive a wheelchair accessible vehicle.

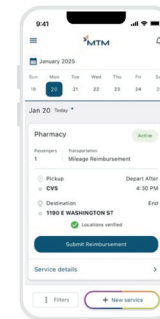

Confirm Ride

Almost there! Review your ride details and make sure everything looks correct. If everything looks right, hit submit and your ride is booked! It's that easy.

Track Your Ride

Keep tabs on your ride in real time using the Where's My Ride? feature on the mobile app. View the status of your ride, your provider's name, the estimated time of arrival, and a map that shows your driver's current location. The map updates as your driver moves through the trip.

Submit Your GMR Claims

Do you use gas mileage reimbursement (GMR)? You can submit your claims using the MTM Link Member mobile app! That means no more paper trip logs, and you will receive your payments quicker than ever. When you arrive at your doctor, just click the green 'I'm Here' button. MTM Link will match your current location against your doctor's. Click the 'Submit Reimbursement' button after the location has been verified for all legs of your ride.
